

# How to reach room 3163 (Aula Mosconi)

You can enter the U6 building (Agorà) from either “Piazza dell’Ateneo Nuovo” square, or from “Viale Piero e Alberto Pirelli, 22”.

These entrances are at two opposite sides of the building.

**Entering from “Piazza dell’Ateneo Nuovo” square:**

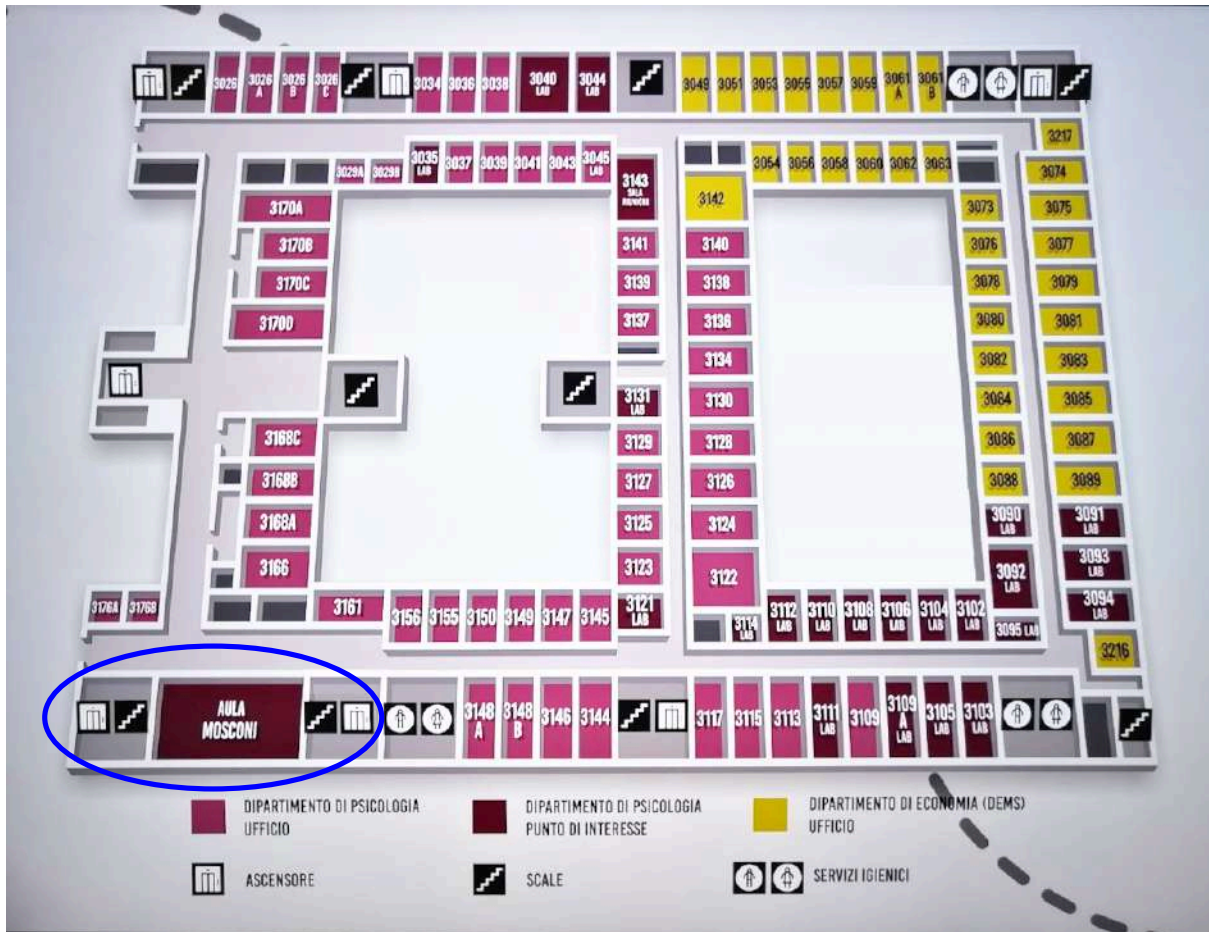

Once you get in, turn around and you will find two pairs of elevators at both sides of the entrance. Any of these is fine:

Go to the third floor.

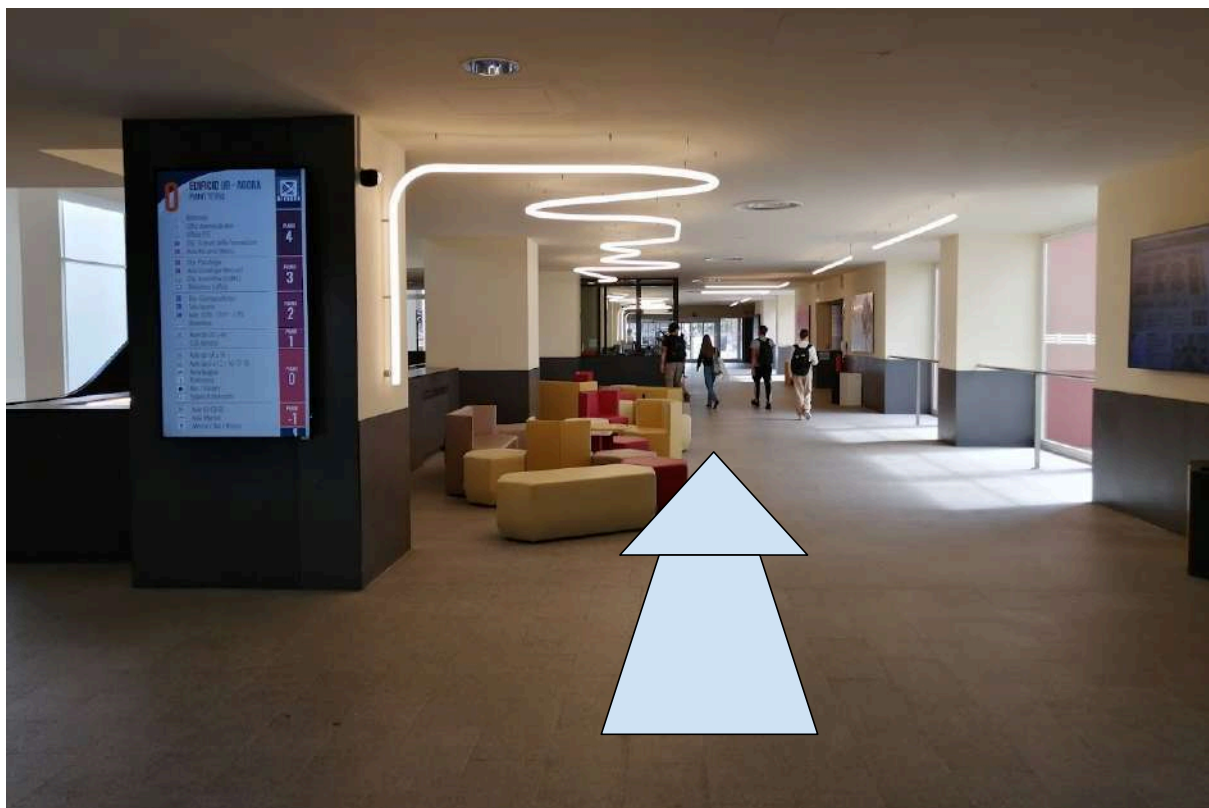

Room 3163 (Aula Giuseppe Mosconi) is in between the two elevators on the third floor, so leaving the elevator you will either find it on your left or right.

Entering from “Viale Piero e Alberto Pirelli, 22”:

Once inside, walk straight on to the opposite side of the building, to reach the two elevators (see section “Entering from Piazza dell’Ateneo Nuovo square”).

Note: you will find other elevators also closer to this entrance, but they make it more difficult to reach the room once on the third floor.
